

Additional documents required by each department on their own for Doctoral Program, 2024

It is necessary to submit the additional documents for each department on their own in addition to the application documents of the guidelines for applicants. And, there is also some department have their own designated submission destinations and deadlines. Be sure to check the following table and “Guide to Entrance Examinations” of your choice, and please submit in the mannner specified in the guidelines. Also, according to the department, you may need to submit your thesis on the day of oral examination. Plese check the “Guide to Entrance Examinations” for the department of your choice for more information.

Department Name	Documents to be submitted with the application form (Please check “Guide to Entance Examinations” for Department of your choice for more information)	Documents to be submitted directly to the department office (Please check Guide to Entrance Examination for the Department you are applying for more information)	
		Name of documents	Where to submit・Deadline
Civil Engineering	Self-recommendation letter	Additional data survey for entrance exam (Doctoral program) (Submit online in accordance with the Guide to Entrance Examination)	Online submission・July 5 2023, 15:00
Architecture	Exhibit No. 1 「Present research content and Doctoral program research」 The form in the 2024 Guide to the Doctoral Program Entrance Examination for the Department of Architecture should be used, or the form can be downloaded from the Department of Architecture website. (revised on 15th June) Score proof of English language test (TOEIC, IELTS) 「Two letters of recommendation」 Two evaluations are requested. Each should be no longer than 1 page in A4 format. One of the evaluators must be from the applicant's graduate school faculty members. (revised on 15th June)	In case that applicant upload the score of IELTS or TOEIC, “Test Report Form”(IELTS) or “Official Score Certificate”(TOEIC)	By registered post to department office. No later than July 12 2023.
Urban Engineering	「受験申告票及び研究業績・研究計画(博士) Questionnaire Sheet[Doctoral Course], Previous achievements and research plan」(The form will be available for download from the website of the Department of Urban Engineering)	Please refer to the department HP	—
Mechanical Engineering	「A provisional letter of acceptance by the prospective supervisor 志望する指導教員が発行する専攻指定の確認書」 Please request and obtain in advance from the prospective supervisor.	None	—
Precision Engineering	All applicants: 研究概要 Research outline and 研究計画書 Research Plans ※ ※Be sure to check “Guide to Entrance Examinations for Department of Precision Engineering” as several documents and deadline are specified according to classification of your graduate school etc.	Be sure to check “Guide to Entrance Examinations for Department of Precision Engineering” as several documents and deadline are specified according to classification of your graduate school etc.	Email to Administrative Office of Department of Precision Engineering
Systems Innovation	「志望指導教員の申告票[システム創成学専攻(博士課程)]」 (Declaration of Preferred Supervisors [the Department of Systems Innovation (Doctor's Program)])(Upload from official website of theDepartment of Systems Innovation)	「専門課題解答書」※ (Answers to Technical Questions)(download the the prescribed formats from the official website of the Department of Systems Innovation) ※Other documents and deadlines are also required.Please be sure to refer to the Admissions Guide for the Department of Systems Innovation for details.	The detailed method of submission will be notified in the official website of the Department of Systems Innovation
Aeronautics and Astronautics	None	None	—
