Specially-promoted Graduate Program for Creation of the Asian Engineering Framework Based on Tripolar Alliances among Japan, China and Korea (Special Graduate Program for Students from Tsinghua University)
Guideline for September 2020 Entry
The Graduate School of Engineering, the University of Tokyo

This graduate program is offered by the Graduate School of Engineering to a select number of qualified students from Tsinghua University. The program, established through connections between Japanese, Chinese, and Korean engineering educational institutions, aims to provide students with opportunities that will aid in the support of sustainable developments in Asia.

1. Field of Study
The study area must be within a field acknowledged by one of faculty members of the Graduate School of Engineering, the University of Tokyo.

http://www.t.u-tokyo.ac.jp/soee/department/index.html

2. Additional Requirements for Eligibility
The applicant must satisfy the following eligibility requirements in addition to the requirements for eligibility that are mentioned in ‘Application Guidelines for all Doctor’s Special English Graduate Programs’.

Those who have obtained, or are expected to obtain a master’s, professional degree, or its equivalent from Tsinghua University by the day before the admission date in September, 2020.

3. Selection Methods and Announcement of Successful Applicants
Applicants are to be shortlisted through primary selection at Tsinghua University. For those on the shortlist, the selection shall be conducted based on a comprehensive judgment, taking into account the submitted documents and an interview (to be held in Beijing).
Selection results will be sent to the Vice President of Tsinghua University from the Dean of the Graduate School of Engineering, the University of Tokyo by the end of February 2020.
Interviews will be held at Tsinghua University on November 23rd, 2019.

4. How to Apply
Applicants must submit documents mentioned in the "Application Guidelines for all Doctor’s Special English Graduate Programs · 3.Documents for Submission" and following additional application documents to the Division of Global Mobility, Office of International Cooperation and Exchange at Tsinghua University by the deadline set by the office.

The designated application forms can be created through the University of Tokyo’s Graduate School of Engineering online application system “T-cens.” Applicants must first upload all required information and documents on the T-cens system and then submit the paper based application materials to the above-mentioned office at Tsinghua University.

The T-cens system will be available at the website below after 15:00 on September 2nd, 2019.
http://www.t.u-tokyo.ac.jp/soee/admission/special.html

Additional application Documents to apply for this program:

**Letters of Recommendation**

Two letters of recommendation must be submitted:

1) Addressed to President Gonokami Makoto of the University of Tokyo from the Vice President of Tsinghua University.

2) Addressed to Dean of the Graduate School of Engineering of the University of Tokyo from applicant’s supervising professor

*If completing recommendation letters through the T-cens system is difficult for professors, paper letters can be submitted.
