Entrance Examination Guide for the Master's Program

1 Examination Dates and General Information

Subject	Schedule	Place	What to bring	Notes
Preliminary selection	Preliminary selection may be made based on the "2025 Questionnaire, Department of Electrical Engineering and Information Systems" and "Transcripts and Grade Summary Sheets" of the applicants.			Please refer to 2(1)
Special oral examination for master's course	Saturday, July 20 8:00–18:00	Special oral exam will be conducted online.	*Personal computer *Web camera *Broadband Internet connection	Please refer to 2(2) if you apply to it.
English (TOEFL)	Deadline for submitting Wednesday, August 14	Submit your Appointment Number and examination date to the system.		For submission details, please refer to page 13
Online connection test	Thursday, August 15 10:00–16:00	The connection test will be conducted online		Please refer to 2(3)
Specialized subject (Electrical & Electronic Engineering and Information Engineering)	Monday, August 26 Test time 9:00–13:30	The written examination will be conducted online. A URL will be announced on the "Applicants Only" page provided in the enclosure with the examination admission card.	The written examination will be conducted online. Please prepare the following equipments. *Personal computer *External web camera to take a side view *Camera or smartphone to scan your answer sheets *Broadband Internet connection	Please refer to 2(4)
Oral examination	Tuesday, August 27 8:00–18:00 or Wednesday, August 28 8:00–18:00 or Thursday, August 29 8:00–18:00 (tentative)	The oral examination will be conducted online. A URL will be announced on the "Applicants Only" page provided in the enclosure with the examination admission card.	The oral examination will be conducted online. Please prepare the following equipments. *Personal computer *Web camera *Broadband Internet connection	Please refer to 2(5).

Notes:

※Applicants who passed the Special Oral Examination for Master's Course will be exempted from taking the English and written specialized subject examinations (However, they will not be exempted from the oral examination in August). All other applicants must take both written and oral examinations. Otherwise, the examination will be invalidated.

- * This year, our written examinations will not include regular education subject (mathematics).
- * Details of the online oral examination and the online examination for specialized subjects will be available on the "Applicants Only" page provided in the enclosure with the examination admission card.
- * All applicants must join the online connection test held on Thursday, August 15, 2024, except for those who are exempted from the specialized subject test.
- * There will be no master's program examination on Friday, August 30, 2024.
- * Please prepare an external webcam that can be connected to your computer for the Online Connection Test and the exam for specialized subjects. You cannot use a camera built into your computer, smartphone, or tablet instead.

2 Examination Subject

(1) Preliminary Selection

Depending on the number of applicants, preliminary selection may be conducted based on the "2025 Questionnaire, Department of Electrical Engineering and Information Systems" and

"Transcripts and Grade Summary Sheets" of the applicants. Applicants who pass the preliminary selection may take the specialized and oral examinations. We will not answer any inquiries regarding the criteria for the selection.

The results of the preliminary selection will be posted on the department website (<http://www.eeis.t.u-tokyo.ac.jp/en/index.html>) by Friday, August 9, 2024.

(2) Special Oral Examination for Master's Course (applied person only)

A special oral examination for master's program is given to applicants whose grades are evaluated as excellent and whose first choice is to enroll in this department. Those who are selected in this examination will be exempted from the English examination and the written examination in specialized subjects of the general entrance examination. However, they will not be exempted from the oral examination in August.

Please refer to the details of the online examination on the "Applicants Only" page enclosed with the examination admission card, and prepare the admission card and the equipment necessary for the examination. In addition to your research field of interest and the reasons for it, you will be asked about the basic knowledge of that field. You may be asked about your graduation research and your answer to the questionnaire (see 5) as well.

(3) Online Connection Test

The connection check prior to the online oral examination will be conducted on 15th August 2024. Please refer to the detailed procedure of the online oral examination, which will be available on the "Applicants Only" page provided in the enclosure with the examination admission card. Please connect to the designated URL that will be sent to the applicants later. Please note that all applicants must participate in the test. The EEIS department will not consider any disadvantage caused by not participating.

(4) Specialized Subject (Electrical & Electronic Engineering and Information Engineering)

The test will cover the basic knowledge needed to conduct graduate-level research in electrical & electronic engineering and information engineering. The problems are written in English or Japanese. The answers can be given in English or Japanese.

Examinees are requested to select and answer two problems from the following. The time of examination is 150 minutes for the two problems in total.

Electromagnetism, Electrical Circuits, Information (I), Information (II), Solid-State Physics, Control and Electric Energy Engineering.

For more details and past examination problems, please refer to the department website (<http://www.eeis.t.u-tokyo.ac.jp/en/index.html>). Sample problems are also available on the department webpage. (They are not for sale in the print center of the School of Engineering).

The details of the online specialized-subject examination will be available on "Applicants Only" page provided in the enclosure with the examination admission card.

(5) Oral Examination

The oral examination is conducted online as a part of the application process. Please prepare

Entrance Examination Guide for the Master's Program

the admission card and the necessary equipment for the online examination by referring to the details of the online test will be available on "Applicants Only" page provided in the enclosure with the examination admission card. The topics covered in the oral examination include the examinee's motivation for the application, research theme in the undergraduate school, basic knowledge of the field to which the examinee is applying, Questionnaire, Department of Electrical Engineering and Information Systems, and the results of the written examinations.

An oral examination will also be conducted for those selected in (2) above. We will ask questions about the examination in (2) and the progress of their graduation research.

3 Supervisor Preference Survey

The supervisor preference survey will be conducted online at the time of application for the entrance examination. Applicants to the master's program are required to fill out the "Supervisor Preference Survey for Dept. of EEIS Entrance Exam. [Master Course]". The supervisor assignment is conducted in the fairest manner based on this list and the score of the examination. In some cases, an academic advisor not listed on the survey form may be assigned to the applicant. If you are a research student already belonging to the laboratories list, please enter your current host professor as the first choice.

Applicants who pass the examination will be notified of their supervisor assignment in a timely manner. Applicants who have passed the examination and decide not to enroll in the graduate school should notify the Graduate School Team at the Office of Academic Affairs by submitting a document (Letter Declining Offer of Admission) as soon as possible.

4 Important Notice

Successful applicants may choose to start their program in October, provided that the applicants fulfill the entrance requirements designated by the School of Engineering. Entrance examination results may be utilized to improve future entrance examinations and education at the University of Tokyo. The Department of Electrical Engineering and Information Systems is not able to arrange visas for overseas applicants who wish to take the entrance examination.

5 2025 Questionnaire, Department of Electrical Engineering and Information Systems

Please download and fill out the Questionnaire. For reference in the oral examination and the preliminary selection, please explain a research content that you desire to conduct in the Master's program. Additionally, please describe the theme of your graduation research and plans after graduation.

6 Transcripts and Grade Summary Sheets for Undergraduate Courses and Equivalents

Transcripts for undergraduate courses (or equivalents) are mandatory for all applicants including (expected) graduates of the Faculty of Engineering, the University of Tokyo. Please submit a "Grade Summary Sheet for Undergraduate Courses and Equivalents" along with your transcripts. Read the information on the reverse side of the sheet carefully, and fill in the sections correctly. These documents will be used as reference materials for preliminary selection, oral examination, and admission decision.

7 Security Export Control Regulations

The University of Tokyo has established the "The University of Tokyo Security Export Control Regulations" in accordance with Japan's "Foreign Exchange and Foreign Trade Act", and strictly screens prospective international students based on these regulations. Please note that international applicants who fall under any of the conditions set out in said regulations may not receive permission to enroll at the university or may have their research activities restricted.

Details can be obtained from the following website: Office of Export Control
<https://www.u-tokyo.ac.jp/adm/export-control/ja/rule.html> (Japanese only)

8 For applicants from Other Universities or with Other Study Backgrounds

The Department of Electrical Engineering and Information Systems aims to foster talents that can contribute to solving global challenges and creating novel values of technology through the inclusion of researchers with a wide variety of backgrounds such as electrical engineering, computer science, physics, material science, chemistry, energy/environmental engineering, control engineering, and space engineering. To encourage the participation of applicants with backgrounds other than electrical/electronic engineering and computer science, we revised the structure of Specialized subject examinations and reduced the required number of problems, from the entrance exams in the academic year of 2020. We are looking forward to working with students from different universities with various knowledge, experience, and research interests.

Entrance Examination Guide for the Doctoral Program Type A

1 Examination Dates and General Information

Subject	Schedule	Place	What to bring	Notes
English (TOEFL)	Deadline for submitting Wednesday, August 14	Submit your Appointment Number and examination date to the system.		For submission details, please refer to page 14
Online connection test	Thursday, August 15 10:00–16:00	The connection test will be conducted online		Please refer to 2(1-1)
Specialized subject (Electrical & Electronic Engineering and Information Engineering)	Monday, August 26 Test time 9:00–13:30	The written examination will be conducted online. A URL will be announced on the "Applicants Only" page provided in the enclosure with the examination admission card.	The written examination will be conducted online. Please prepare the following equipments. *Personal computer *External web camera to take a side view *Camera or smartphone to scan your answer sheets *Broadband Internet connection	Please refer to 2(1-2)
Oral examination	Friday, August 30 8:00–18:00 (tentative)	The oral examination will be conducted online. A URL will be announced on the "Applicants Only" page provided in the enclosure with the examination admission card.	The oral examination will be conducted online. Please prepare the following equipments. *Personal computer *Web camera *Broadband Internet connection	Please refer to 2(1-3). Please fill out the form of the "2025 Questionnaire, Department of Electrical Engineering and Information Systems".

Notes:

※Examinees must take both written and oral examinations. Otherwise, the examination will be invalidated.

- * This year, our written examinations will not include regular education subject (mathematics).
- * Details of the online oral examination and the online examination for specialized subjects will be available on the "Applicants Only" page provided in the enclosure with the examination admission card.
- * For applicants who are students from the University of Tokyo's Department of Electrical Engineering and Information Systems, Department of Advanced Energy, and Department of Information & Communication Engineering, oral examinations may be held before Friday, September 1 in some cases.
- * Applicants who have completed (or are expected to complete) a master's program at the University of Tokyo's Graduate School of Engineering are not required to take the English test.
- * Applicants who have graduated (or are expected to graduate) from a master's program in the University of Tokyo's Department of Electrical Engineering and Information Systems, Department of Electrical & Electronic Engineering, Department of Frontier Informatics, Department of Advanced Energy, or the Department of Information & Communication Engineering are not required to take the English or the specialized subject (Electrical & Electronic Engineering and Information Engineering) examination.
- * Applicants who have graduated (or are expected to graduate) from a master's program in a department other than those listed above at the University of Tokyo may be exempt from the written examinations. Please inquire at the Office of the Department of Electrical Engineering and Information Systems (nyushi25@ee.t.u-tokyo.ac.jp) about examination exemption policies by Monday, June 10, 2024.
- * Applicants must join the online connection test held on Thursday, August 15, 2024.
- * Please prepare an external web camera that can be connected to your computer for the Online Connection Test and the exam for Specialized Subjects. You cannot use a camera built into your computer, smartphone, or tablet instead.

2 Overview of Examinations

(1) First-Stage Examination

The examination content for this year's doctoral program is as follows.

(1-1) Online Connection Test

The online connection test will be conducted prior to the online oral examination. Please refer to the detailed procedure of the online examination, which will be available on the "Applicants Only" page provided in the enclosure with the examination admission card.

Please connect to the designated URL that will be sent to the applicants later. Please note that all applicants must participate in the connection test. The EEIS department will not consider any disadvantage caused by not participating.

(1-2) Specialized Subject (Electrical & Electronic Engineering and Information Engineering)

The test will cover basic knowledge needed to conduct graduate-level research in electrical & electronic engineering and information engineering. The problems are written on English or Japanese. The answers can be given in English or Japanese.

Examinees are requested to select and answer two problems from the following. The time of examination is 150 min for the two problems in total.

Electromagnetism, Electrical Circuits, Information (I), Information (II), Solid-State Physics, Control and Electric Energy Engineering.

For more details and past examination problems, refer to the department website (<http://www.eeis.t.u-tokyo.ac.jp/en/index.html>). Sample problems are also available on the department webpage. (They are not for sale in the print center of the School of Engineering).

The details of the online specialized-subject examination will be posted on the department webpage after the admission cards are sent out.

(1-3) Oral Examination

The oral examination is conducted online as a part of the application process. Please prepare the admission card and the necessary equipments for the online examination by referring to the details of the online test, which will be available on the "Applicants Only" page provided in the enclosure with the examination package. Applicants will be asked to make a presentation about their master's thesis (even if it is still being written) or equivalent and their research plan in the PhD course. A Q&A session will follow the presentation, where some questions regarding the applicants' answers for the written examination may be asked as well. The length of the presentation will be instructed by interviewers in the examination (it is about 20 minutes). Applicants will be asked to upload the presentation slides to the designated URL that will be notified before the test.

(2) Second-Stage Examination

An oral examination, focusing on the individual candidate's master's thesis, will be conducted in the end of January or early February 2025 (tentative schedule) for applicants who pass the first-stage examination and are expected to finish their master's program. The actual date will be announced later. For applicants for October entrance, the first-stage examination is also regarded as the second-stage examination, so they will have no separate second-stage examination.

Entrance Examination Guide for the Doctoral Program Type A

3 Required Documents

At the time of application, prepare (1) an acceptance letter from the preferred supervisor, (2) a "Ph.D. Program Research Plan", and (3) a reference letter from your current advisor or boss (if required, see (3)) to be submitted along with other necessary documents.

(1) Acceptance Letter from the Preferred Supervisor

The acceptance letter must be in the format specified by the department. Applicants need to contact their preferred supervisor as early as possible before the application and ask the preferred supervisor to make an acceptance letter with the supervisor's signature. (Scanned electronic files or copies are acceptable.)

Applicants must submit it along with the application form. Acceptance letters in formats other than that specified are not acceptable.

(2) Ph.D. Program Research Plan

Please download the form and outline the applicant's research plan with research methodology and vision.

Applicants must discuss the details of the research to be conducted during their Ph.D. program with their preferred supervisor beforehand.

Please upload your doctoral research plan to the designated URL in advance.

(3) Reference Letter from the Current Superior (if applicable)

The Doctoral course has classes and drills which require on-site attendance. Applicants who are currently employed and plan to retain their working status during the study program are required to submit a reference letter from their current superior stating that they will consider the schedule of the Ph. D. program after enrollment. Please also refer to the "Application Guidelines" for doctoral programs provided by the Graduate School of Engineering.

4 Important Notice

The application may be judged invalid if any of the required documents listed above is missing at the time of application. Entrance examination results may be utilized to improve future entrance examinations and education at the University of Tokyo. The Department of Electrical Engineering and Information Systems is not able to arrange visas for overseas applicants who wish to take the entrance examination.

5 Information about Supervisors

Applicants successfully admitted to the Ph.D. program are directly assigned to their preferred supervisors. Applicants need to contact their preferred supervisors as early as possible before submitting application documents.

6 Security Export Control Regulations

The University of Tokyo has established the "The University of Tokyo Security Export Control Regulations" in accordance with Japan's "Foreign Exchange and Foreign Trade Act", and strictly screens prospective international students based on these regulations. Please note that international applicants who fall under any of the conditions set out in said regulations may not receive permission to enroll at the university or may have their research activities restricted. Details can be obtained from the following website: Office of Export Control <https://www.u-tokyo.ac.jp/adm/export-control/ja/rule.html> (Japanese only)

Entrance Examination Guide for the Doctoral Program Type B

(This content is subject to change depending on the future situation of the disease outbreak.)

1 Examination Dates and General Information

Subject	Schedule	Place	What to bring	Notes
English (TOEFL)	Deadline for submitting Tuesday, January 7	Submit your Appointment Number and examination date to the system.		For submission details, please refer to page 14
Online connection test	Tuesday, January 14 10:00–16:00	The connection test will be conducted online		Please refer to 2(1-1)
Specialized subject (Electrical & Electronic Engineering and Information Engineering)	Tuesday, January 21 13:30~15:30 (tentative)	The written examination will be conducted online. A URL will be announced on the "Applicants Only" page provided in the enclosure with the examination admission card.	The written examination will be conducted online. Please prepare the following equipments. *Personal computer *External web camera to take a side view *Camera or smartphone to scan your answer sheets *Broadband Internet connection	Please refer to 2(1-2)
Oral examination	Wednesday, January 22 ~Thursday, January 23 8:00–18:00 (tentative)	The oral examination will be conducted online. A URL will be announced on the "Applicants Only" page provided in the enclosure with the examination admission card.	The oral examination will be conducted online. Please prepare the following equipments. *Personal computer *Web camera *Broadband Internet connection	Please refer to 2(1-3). Please fill out the form of the "2025 Questionnaire, Department of Electrical Engineering and Information Systems".

Notes:

※Examinees must take both the written and oral examinations. Otherwise, the examination will be invalidated.

- * This year, our written examinations do not include regular education subject (mathematics).
- * Details of the online oral examination and the online examination for specialized subjects will be available on the "Applicants Only" page provided in the enclosure with the examination admission card.
- * For applicants who are students from the University of Tokyo's Department of Electrical Engineering and Information Systems, Department of Advanced Energy, and Department of Information & Communication Engineering, oral examinations may be held separately.
- * Applicants who have completed (or are expected to complete) a master's program at the University of Tokyo's Graduate School of Engineering are not required to take the English test.
- * Applicants who have graduated (or are expected to graduate) from a master's program in the University of Tokyo's Department of Electrical Engineering and Information Systems, Department of Electrical & Electronic Engineering, Department of Frontier Informatics, Department of Advanced Energy, or the Department of Information & Communication Engineering are not required to take the English or specialized subject (Electrical & Electronic Engineering and Information Engineering) examination.
- * Applicants who have graduated (or are expected to graduate) from a master's program in a department other than those listed above at the University of Tokyo may be exempt from the written examinations. Please inquire at the Office of the Department of Electrical Engineering and Information Systems (nyushi25@ee.t.u-tokyo.ac.jp) about examination exemption policies by the end of October.
- * Applicants must join the online connection test held on Tuesday, January 14, 2025.
- * Please prepare an external web camera that can be connected to your computer for the Online Connection Test and the exam for Specialized Subjects. You cannot use a camera built into your computer, smartphone, or tablet instead.

2 Overview of Examinations

(1) Online Connection Test

The online connection test will be conducted prior to the online oral examination. Please refer to the detailed procedure of the online oral examinations, which will be available on the "Applicants Only" page provided in the enclosure with the examination admission card.

Please connect to the designated URL that will be sent to applicants later. Please note that all applicants must participate in the connection test. The EEIS department will not consider any disadvantage caused by not participating.

(2) Specialized Subject (Electrical & Electronic Engineering and Information Engineering)

The test will be given in a description-type exam format. It will cover basic knowledge required to conduct research in the field of your preferred supervisor (see attached sheet). The problems will be written in English. The answers can be given in English or Japanese.

The details of the online specialized-subject examination will be posted on the department webpage after the admission cards are sent out.

(3) Oral Examination

All applicants must take the oral examination, which is conducted online. Prepare the admission card and the necessary equipment for the online examination by referring to the "Applicants Only" page provided in the enclosure with the examination admission card.

Applicants who have taken the written examination will be asked some questions regarding the specialized subject test, explained in (2). All applicants will be asked to make a presentation about their master's thesis (even if it is still being written) or equivalent. Applicants will also be asked to present their plans for their research after the acceptance to the Ph.D. course. The length of the presentation will be instructed by interviewers in the examination (it is about 20 minutes), followed by a Q&A session. Applicants will be asked to upload the presentation slides to the designated URL that will be notified before the test.

3 Required Documents

At the time of application, please prepare (1) an acceptance letter from the preferred supervisor, (2) a "Ph.D. Program Research Plan", and (3) a reference letter from your current advisor or boss (if required) to be submitted along with other necessary documents.

(1) Acceptance Letter from the Preferred Supervisor

The acceptance letter must be in the format specified by the department. Applicants need to contact their preferred supervisor as early as possible before the application and ask the preferred supervisor to make an acceptance letter with the supervisor's signature by the end of October, 2024. (Scanned electronic files or copies are acceptable.) Applicants must submit it along with the application form. Acceptance letters in formats other than that specified are not acceptable.

(2) Ph.D. Program Research Plan

Please download the form and outline the applicant's research plan with research methodology and vision.

Applicants must discuss the details of the research to be conducted during their Ph.D. program

Entrance Examination Guide for the Doctoral Program Type B

with their preferred supervisor beforehand.

Please upload your doctoral research plan to the designated URL in advance.

(3) Reference Letter from the Current Superior (if applicable)

The Doctoral course has classes and drills which require on-site attendance. Applicants who are currently employed and plan to retain their working status during the study program are required to submit a reference letter from their current superior stating that they will consider the schedule of the Ph. D. program after enrollment. Please also refer to the "Application Guidelines" for doctoral programs provided by the Graduate School of Engineering.

4 Important Notice

The application may be judged invalid if any of the required documents listed above is missing at the time of application. Entrance examination results may be utilized to improve the future entrance examinations and education at the University of Tokyo. The Department of Electrical Engineering and Information Systems is not able to arrange visas for overseas applicants who wish to take the entrance examination.

5 Security Export Control Regulations

The University of Tokyo has established the "The University of Tokyo Security Export Control Regulations" in accordance with Japan's "Foreign Exchange and Foreign Trade Act", and strictly screens prospective international students based on these regulations. Please note that international applicants who fall under any of the conditions set out in said regulations may not receive permission to enroll at the university or may have their research activities restricted. Details can be obtained from the following website: Office of Export Control <https://www.u-tokyo.ac.jp/adm/export-control/ja/rule.html> (Japanese only)

Summary of the examinations [Master's and Doctoral (Type A) Programs]

1 Examination Dates	Saturday, July 20, 2024 (Only for the applicants of Special Oral Examination for Master's Course) Monday, August 26 - Friday, August 30, 2024 (There will be no master's program examination on Friday, August 30, 2024.)
2 Methods	In the entrance examination of this year, the entrance examination is conducted online. Details of the online examination such as a URL for the access will be available on the "Applicants Only" page provided in the enclosure with the examination admission card.
3 Important Notice for the Written Examination	(1) You will not be allowed to leave the examination room once the examination begins even if you finish it or want to abandon the examination. (2) Put your admission card on the table during the examination.
4 Important Notice for the Oral Examination	If you do not take the oral examination on the designated date during the examination, you will be considered to have abandoned the examination.
5 Second-Stage Examination for Doctoral Program	The second-stage examination will be conducted in the end January or early February 2025. Details of the examination will be announced later.
6 Contact	7-3-1 Hongo, Bunkyo-ku, Tokyo 113-8656 The University of Tokyo Graduate School of Engineering Office of Department of Electrical Engineering and Information Systems E-mail : nyushi25@ee.t.u-tokyo.ac.jp
7 Other	(1) Successful applicants will be notified on the department website (http://www.tutokyo.ac.jp/soe/) at about 4 pm on September 5 2024. (2) After that, a letter of success in the examination will be sent to the successful applicants by e-mail. We will not respond to any inquiries regarding the examination results by phone. (3) If there are any changes to your address or e-mail address after you have applied, please let us know as soon as possible.

Notice regarding the Foreign Language (English) Examination

You must submit the date of examination and Appointment Number of TOEFL iBT^{※1} or TOEFL iBT Home Edition^{※2}. If the Appointment Number is not provided, your entire examination might be invalidated.

※ 1 For the application for taking the TOEFL iBT, please check the ETS webpage.

※ 2 For information on the application, the use of the equipment, and the environment for taking the TOEFL iBT Home Edition, please check the ETS webpage.

It is necessary to submit the official score of a TOEFL test taken after the following date:

September 2022 (Master's program, Doctoral program type A), February 2023 (Doctoral program type B)

Deadline to apply for a TOEFL test: Before the application date for the entrance examination.

Deadline for submitting a TOEFL score: August 14, 2024 (Master's program, Doctoral program type A), January 7, 2025 (Doctoral program type B)

(1) How to submit a TOEFL score

- When you apply for the TOEFL iBT (or TOEFL iBT Home Edition), please request that the official score report be sent to the address below. In case you hope to send your past score, please ask ETS to send the official score report to the address below.

<Address for the official TOEFL score>

Scores sent without these codes will be invalidated.

DI (Designated Institution) code : "8596" (University of Tokyo Engineering)

Department code : "99" (Any Department Not Listed)

- The office of the Graduate School of Engineering will not be able to receive the score if you have not completed the above submission procedures. If you have completed the submission process, the office will be able to receive the score data online about two weeks after the test, provided that the test was successfully administered. Once the office has confirmed the data, your TOEFL score submission is completed.
- We use "Test Date Scores" (We do not use "My Best Scores").

(2) Important Notice

- If you plan to take the TOEFL test before the application deadline of the entrance examination and create the application documents via the "Entry form for the entrance examination", please enter your Appointment Number of the score report to be submitted. In case you hope to send your past score, please enter the Appointment Number of the score report to be submitted. Only the TOEFL score with the Appointment Number entered in the application will be valid.
- Submission of Test Taker Score Report is unnecessary.
- You cannot update your TOEFL score after you submit your application.
- There is a possibility that the test will be retaken or the score disclosure will be delayed due to the trouble of the organizer's machine, so please take the test well in advance.
- Please check the website of ETS and submit your score well in advance.
- You must submit your TOEFL score even if your native language is English.
